- Vocational Education college/Trainer for the water sector
- Other (please specify).....

**Date:** .....

***In order to help us improve the quality of the course and the materials, we would appreciate your feedback. Please respond to each question by marking the relevant box with a tick.***

	<b>Strongly agree</b>	<b>Agree</b>	<b>Neither agree nor disagree</b>	<b>Disagree</b>	<b>Strongly disagree</b>
The objectives of the training were clearly defined					
The training objectives were met					
The training was relevant to my needs					
The content of the training was well organised					
The time allotted for the theoretical aspects was sufficient					
The time allotted for the practical exercise was sufficient					
The practical exercise was particularly helpful					
The exercise allowed participants to practice practical skills related to important concepts of the training					
The materials were helpful					
The materials were of good quality					
The materials will be of use as reference material in the future					
The virtual learning environment of the MOOC is well designed					
The learning experience through MOOC improve our training practice					
The MOOC does not work for technical professions					
The training experience will be useful in my work as a trainer					
The questions during the assessment					

procedure were clear					
Assessment by Case Studies and Scenarios is more relevant to our technical profession					
I would recommend this training course to others					

What did you like most about the training course?	
What do you think needs changing (if anything)?	
What topics were you expecting, or would have liked addressed, that were not covered?	
Any other comments or suggestions?	
Have you applied any of the principles or practices you learned in your work? If so, which ones?	

**Thank You!**
