## Activity O5-A1

*Compiling evidence on the validation of the  
AQUAVET curriculum*

### **TRAIN THE TRAINER**

**FORM 6 : FOCUS GROUP QUESTIONNAIRE**

**TRAINER**

**NILHR**

February 2017

**Country:** ES/GR

**Responsible organization for the Train the Trainer:** CONAIF/NILHR

**Trainer/Moderator :** .....

**Date:** .....

During the focus groups discussion the participants, trainees and trainers, are asked questions about the necessity and the exploitation of water efficiency technology in the European context as well as the opportunity to apply these knowledge and skills at work in another European country.

The participants can openly discuss their thoughts and share ideas with other members of the focus group.

The moderator of the group facilitates the discussion, and at the end of the session submits a short report on the results of the discussion.

1. Do you think that the European countries are ready to implement water efficiency technologies?
2. Do you believe that households at your country are ready to accept and buy these new technologies?
3. From your professional experience what do you believe is absolutely necessary to know in order to promote this kind of technology?
4. Do you believe that a European water technician with the knowledge acquired from the seminar can work at your country and under which conditions? (except the language)
5. Are you interested in finding work in another European country?
6. Do you agree that these kinds of programs facilitate labour mobility in the European countries?
7. Do you know what a National Qualification Framework is?
8. Do you use the principles of learning outcomes at your teaching methods and in which way?
9. In your point of view, what is going to change in training experience by using MOOC?

**Thank You!**
